

Colombia Butterflies

The butterflies below were photographed during a Portland Audubon birding trip to Colombia in March of 2018 by Dennis Deck. Dan van den Broek, Ron Query, and Jane Hartline also made contributions. Identification was made using *Butterflies of Mexico and Central America* (Glassberg, 2018), *Catalogo de Mariposa* (Garwood & Jaramillo), *Neotropic Butterflies* (Garwood), and *Butterflies of the Andes and Amazon* (Hopkins). Kim Garwood made suggestions. Itinerary was:
