

Uganda Birds 2023

The small country of Uganda has more birds than North America, from a four inch Waxbill to the amazing four foot Shoebill. During the last two weeks of February of 2023, Wild Latitudes led a group to southern Uganda. Here are birds that I was able to photograph and ID during our trip (*Birds of East Africa 2nd Ed, 2020, Stevenson & Fanshawe*). *Dennis Deck*

Waterfowl

Pink-backed Pelican

Great Cormorant

Long-tailed Cormorant

African Finfoot

Hérons, Egrets, &Storks

Striated Heron

Cattle Egret

Squacco Heron

Squacco Heron

Purple Heron

Little Egret

Great White Egret

Grey Heron

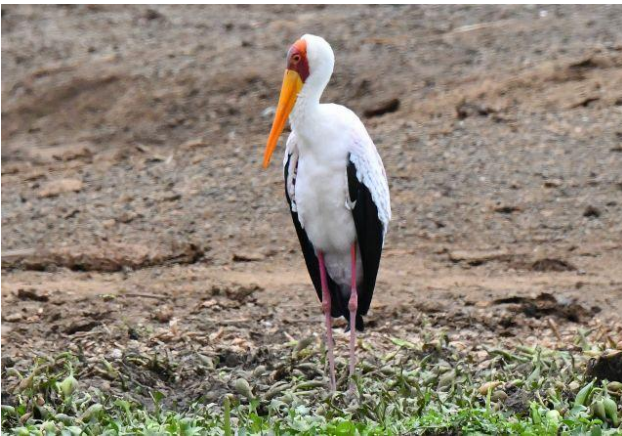

Black-headed Heron

Goliath Heron

Hamerkopf

Yellow-billed Stork

African Openbill

Maribou Stork with African Sacred Ibis

Shoebill

Shoebill

Ibises

African Sacred Ibis

Hadada Ibis

Glossy Ibis

Waterfowl

Egyptian Goose

Yellow-billed Duck

Raptors

Black-winged Kite

Eurasian Hobby

Palm-nut Vulture

Long-crested Eagle

Hooded Vulture

American Fish Eagle

White-backed Vulture

Tawny Eagle

Guineafowl & Francolins

Steppe Eagle

Helmeted Guineafowl

Grey Kestrel

Red-necked Francolin

Western Banded Snake-Eagle

Wild Turkey (on the wrong continent)

Coots Moorhens, & Jacana

Red-knobbed Coot

Common Moorhen

African Jacana (check out the amazing long toes!)

Cranes

Grey-crowned Crane

Thick-knees & Lapwings

Water Thick-knee

Spur-winged Lapwing

Wattled Lapwing

Long-toed Lapwing

Wood Sandpiper

Senegal Lapwing

Green Sandpiper

Plovers & Sandpipers

Three-banded Plover

Grey-headed Gull

Common Sandpiper
